Thursday, 13 September 2012

Activision has sent in release details and in-game screenshots of the upcoming Transformers Prime The Game, exclusively on the Wii-U.

View the release details and in-game screenshots here.

Of note is that the game will feature the Decepticon Thunderwing! This is the first appearance of Thunderwing in the Transformers Prime universe, and his presence is enormous.

Discuss about the game and Thunderwing is this thread.

TRANSFORMERS PRIME Wii U™; FACT SHEET

PRODUCT DESCRIPTION:

Based on the smash hit, award-winning animated television show produced by Hasbro Studios on The Hub Network, TRANSFORMERS PRIME lets fans play as their favorite AUTOBOT characters and embark on an action-packed adventure to save the earth from the evil MEGATRON and his new secret weapon. In the single player campaign, players will step into the roles of OPTIMUS PRIME, BUMBLEBEE, ARCEE, AUTOBOT RATCHET and BULKHEAD as they explore unique vistas all around the world with brawler-style combat and diverse driving sequences. Along the way, gamers cultivate friendships with Jack, Miko and Raf – the human characters from the show – as TEAM PRIME sets out to protect mankind and eliminate the DECEPTICONS once and for all. The game also features intense multiplayer modes that allow fans to choose from 11 different TRANSFORMERS characters from both factions.

KEY FEATURES:

Interact with TRANSFORMERS characters like never before – Designed for the unique interactivity of the Wii U™;, the game allows fans to tilt their gamepad to steer BUMBLEBEE through a collapsing canyon, upgrade OPTIMUS PRIME's combat abilities through their gamepad touchscreens, and more.

Epic TRANSFORMERS Gameplay in HD – The game utilizes the power of the Wii U, featuring dazzling visuals in 1080p resolution with authentic character models straight from Polygon Pictures, Inc., the Japanese CG animation studio for the TV show.

Jump Straight into the Action – With the humanity on the brink of survival, players will fight through heroic battles in a huge variety of 3rd person action brawling, shooting, driving and melee combat, all the while wielding the power to change form and power up each AUTOBOT with unique weapons and special abilities.

Play as Iconic and Fan-Favorite Characters – Fans will get to play as all their favorite characters from the show including OPTIMUS PRIME, BUMBLEBEE, ARCEE and more to defeat MEGATRON, STARSCREAM, THUNDERWING and the DECEPTICON army.

Explore a Brand New Storyline to Continue the Saga – The game centers around an epic campaign with original story set directly within the TRANSFORMERS PRIME universe, allowing players to forge close relationships with the humans Jack, Miko and Raf and embark on a journey to exotic locales such as Greece, South America and even outer space.

Challenge Your Friends and Test Your TRANSFORMERS skills – Players can choose from 11 different playable characters from both the AUTOBOTS and DECEPTICONS factions to compete with or against their friends in adrenaline-pumping modes such as Brawl, Battle for Energon and Emblem Match.
