The slew of new Arms Micron photos haven't ended yet. Robot Kingdom has new photos of the upcoming Transformers Prime Arms Micron Ultra Magnus and his Micron, Shockwave and his Micron, as well as the Autobot and Decepticon Micron sets. Ultra Magnus features a large Micron hammer and Shockwave a Micron that transforms into his cannon. Also many of the previous Microns from both the Autobots and Decepticons are being collected into two convenient sets. Check out the images below:
