The newest issue of Master Collector is starting to hit mailboxes worldwide, and apparently it contains a tidbit of news about BotCon 2008. While it doesn't specify a location, or exact date, it reveals that the annual Transformers convention will be held around the end of April or beginning of May.

Thanks to Kenucme of TFW2005 for the news. Keep an eye on BotCon.com and our [Convention Forum](#) for more news!
