

Metallic Finish Voyager Megatron Gallery

Contributed by NightViper
Sunday, 30 September 2007

Remy gives us another gallery, this time of astf Metallic Finish Voyager Megatron. This figure, along with Metallic Finish Ratchet, was recently released in Hong Kong, so perhaps it won't be long until it comes out in the US as a Best Buy exclusive!

You can see the gallery [here](#), and talk about it [here](#) on the Allspark.
