Tformers is reporting that the repackaged Ultimate Bumblebee with included 3" Titaniums Bumblebee has been sighted. This Costco exclusive first surfaced in an eBay auction a few weeks ago, but now it's appeared in a California Costco store with a reported price tag of \$69.99. So the next time you're buying 144 jars of peanut butter and a case of vanilla extract, don't forget to check the toy aisle!

Visit Tformers for the sighting report, and discuss in Nevermore's thread.
