

First4Figures Ravage and Baroness Statue Update

Contributed by NightViper
Tuesday, 02 October 2007

A poster over at TFW2005 has received an email responding to questions about the upcoming Baroness and Ravage statue from First4Figures. The company still plans on releasing the statue, but due to lack of retailer support, it will be delayed until first quarter 2008. First4Figures also plans on slightly re-sculpting the statue to make it appear as though Ravage is pulling harder against the chain.

You can see the original report [here](#).
