

## Mickey Mouse to get Transformed?

Contributed by NightViper  
Monday, 22 September 2008

The latest issue of Hobby Japan has a silhouette image that may interest Transformers and Disney fans alike! The silhouette seems to show a Mickey Mouse-esque robot, and in the article next to the image is a logo that appears to be an amalgam of G1, G2 Autobot symbols and Mickey Mouse's face! So is the world's favorite animated mouse going to get the Transformers treatment?

[Click here](#) to see the image on the 2005 Boards, and then [click here](#) to discuss it in BassX10's thread on the Allspark.
