

Animated Deluxe 2-Pack Out at TRUs in the UK

Contributed by NightViper
Monday, 22 September 2008

Here's one for you packaging variant collectors! Toys R Us in the UK now has an Animated Deluxe 2-pack featuring Bumblebee and Ratchet. Bumblebee is packaged in car mode, and Ratchet in robot mode with his tools spread out behind them to make it appear as though he is repairing the little, yellow Autobot! So far there's no word if this will be released to countries outside the UK, but one can hope!
