

## First Set Video From White Sands via ET

Contributed by lonegamer8  
Tuesday, 23 September 2008

ET's Mark Steine has the first vid from his blog up of on-set material from Holloman and White Sands. The only thing shown is what appears to be an Egyptian village set at White Sands, and Mark commenting on talking with some of the cast before leaving because of an actual thunder storm headed their way.

Check the video out here and then here to discuss at Nevermore's thread! Don't forget to tune in on ET later Tuesday night!
