Paramount Home Entertainment has revealed a new feature coming to BD-Live on September 30: "Robot Ninjas", featuring Bumblebee versus Barricade via animatics from the stunt film crew. The second video feature is "What Effing Happened in Mission City", which will be released later. It's expected that Paramount will use the BD-Live features on Transformers to promote Revenge.

Keep an eye on your Blu-ray players (or PS3s), read the report here [at Blu-ray.com](#) or check it out here [at IGN!](#)
