

## TakaraTomy Updates with Onslaught, Powerglide, Silverbolt Images

Contributed by NightViper  
Friday, 26 September 2008

Fans interested in the "USA Edition" versions of Universe Onslaught, Powerglide and Silverbolt from TakaraTomy should head on over to their Transformers site. They have new images of the toys, as well as a comparison of sorts between the Hasbro release and the Japanese release, so you can see just what has changed on each!

Click [here](#) to see the page on TakaraTomy's site, and stop by [this thread](#) on the Allspark to discuss them!
