

## Vibrant Red Alternity Convoy Pictures

Contributed by NightViper  
Friday, 26 September 2008

We've seen the silver version of Alternity Convoy a couple times now, but the red version remained elusive...until now! TF08.net has put up a pair of images of the Vibrant Red Convoy, who does match his name a tad better than the Ultimate Silver one! They also have a few new images of the silver Convoy too, so you can compare the two to decide which you like better, or if you need both!

[Click here](#) to see the images, and then discuss them [here](#) on the Allspark!
