

## New Images of BT-22 Convoy

Contributed by NightViper  
Sunday, 28 September 2008

TF08.net is at it again with a gallery of the upcoming Binaltech BT-22 Convoy figure! Those that have Kiss Players Convoy and Alternators Optimus Prime should note that the mold has yet another set of paint ops for the character, which may make it worthy of a purchase, or at least consideration of one! And if that's not enough, this should be the first time that Optimus/Convoy has received diecast parts!
