

## First Look At SWTF Imperial Trooper Headsculpt

Contributed by NightViper  
Tuesday, 30 September 2008

TFW2005 has posted a few official images for the wave of Star Wars Crossovers Transformers that consists of the black Emperor Palpatine repaint, and the "Jungle" AT-AT repaint...and resculpt. Instead of an AT-AT Driver's noggin, he has the mug of someone called an "Imperial Trooper". Star Wars fans may notice that it's similar to a Snowtrooper's helmet, yet not quite a match.

[Click here](#) to see the images, and [here](#) to discuss them on the Allspark.
