

## Movies Online Talks To ROTF Writers, Producer and Effects Supervisor

Contributed by Master Fwiffo  
Monday, 22 June 2009

Movies Online scored an interview with a number of astf staff and crew! They get to talk with writers Roberto Orci and Alex Kurtzman, producer Lorenzo Di Bonaventura, and ILM Visual Effects Supervisor Scott Farrar. Among topics covered are Soundwave and his voice, Devastor blowing up ILM Computers (it really happened!), Michael Bay's Dirty Mouth, and Optimus Prime's potential political career. Head over to [MovieOnline](#) to read the interview!
