

Wal-Mart Sale on ROTF Figures?

Omega-Tron has stopped by to let us know that his local Walmart is holding a sale on a few of the astf figures. Your mileage may vary, but he says that Deluxes were \$9, Voyagers were \$18 and Gravity Bots were also \$9. So if inflation's teeth have ground you--or your wallet--raw and you're looking to escape to the good ol' days, you may want to risk a trip to Walmart!
