From Michael Bay to the fans after astf's first day:

The 400 critics around the globe spoke. Then fans around the world spoke.

Transformers made \$60.6 million dollars in the United States for a total of around \$100 million from the world on opening day! One of the biggest single days in movie history.

Then never seem to understand that I make movies for people to take a ride and escape.

To all the Transformer Fans - Thank You

Michael
