Those lucky enough to be at the 2009 London Film and Comic Con held July 18 and July 19 will be able to catch a glimpse at Casey Coller's exclusive print of All Hail Megatron #12, with colors by Joana Lafuente! While still in the vein of his Apocalypse exclusive cover of homaging Marvel's Amazing Spider-Man #50, this time it's Galvatron who's being looked down on! However, there's a catch: the print is limited to only 50, so petal to the metal if you're a fan of both big bads!

Check out the print at Casey's DeviantArt gallery, and don't forget to check out the rest of his and Joana's galleries!
