

'Touma' to Create Revenge of the Fallen Merchandise

Contributed by Master Fwiffo
Tuesday, 30 June 2009

Because Japan is obsessed with making Transformer's cute, Japanese Design Company Touma has been tapped to design a line of astf novelties - including keychains and more. Featuring super deformed robots that make Mighty Muggs look normal, these will certainly be 'hot' collectors items, as they will only be available in Japan. You can see some more of the designs and read the full story at vinylpulse.com!
