Finito! Fini! Finished! In the shadow of astf, Jim Sorenson has finally finished "The Complete Ark" and "The AllSpark Almanac"! Final image files and edits were booted over to IDW over the weekend. On the "Complete Ark", he's able to showcase the Godmasters alongside the Headmasters, alongside a couple other linework that weren't in "The Ark II"! As for the "AllSpark Almanac" for TF Animated, get ready for materials from Derrick Wyatt, Marty Isenberg, Hasbro and Takara themselves, plus Titan Magazines!

Read up on it at Jim's blog, and don't forget to drop a word or thought!
