Curious on the experience of Michael Bay, cast, and crew when it came to shooting on the Great Pyramids of Giza in Egypt as well the ruins in Petra, Jordan for astf? In the case of the Pyramids, it was when their permit wasn't ready by the time they got to Egypt that they got lucky with a loophole on reaching the Secretary General of the Egyptian Supreme Council of Antiquities, Zahi Hawass. On Petra, Bay had to get his crew back to work when they were shooting home video of the ruins rather than shooting the film.

Check it out at Bay's site or at USA Today!
