DecepticonsRule over at the IDW boards has the latest IDW newsletter and we now have the remaining releases coming out in July. Next week of July 8, "Maximum Dinobots" trade paperback will be stomping onto shelves! July 22 should see "All Hail Megatron #13", alongside "Transformers Animated Volume 10". And finally, July 29 will see the re-release of Dreamwave's "Transformers Energon Volume 1" TPB.

Thanks to DecepticonsRule's post at the IDW boards!
