

Toy Hobby Virtual View of RA-24 Buster Optimus

Contributed by lonegamer8
Friday, 16 October 2009

Toy Hobby has put up a virtual viewer that allows folks to check out "astf" Leader Class RA-24 Buster Optimus Prime from multiple angles, as well his Mech Alive gimmick and in his vehicle form! Importers, watch out for the projected release date of November 21 this year, and the 8190 Yen (roughly \$83 USD) pricetag!

The boss bot's pre-order listing [at Toy Hobby](#) and the virtual viewer!
