Did you just hate astf? Well, so did these guys, but when they get their hands on it, they can only make it better! Mystery Science Theater 3000 veterans (and originators of the now fannon TF term 'DULL SURPRISE', of which there was plenty in ROTF) Mike Nelson, Kevin Murphy, and Bill Corbett will be tackling the tale of the Fallen's Revenge with a Rifftrax production! The track will be released on October 22, and will cost \$3.99! For the ordering page, as well as a treatise upon the mysteries of Frankie and Mojo, [click here!](#)
