

Original Transformers Box Art Painting for Sale

Contributed by NightViper
Tuesday, 27 October 2009

For fans with deep pockets, they can now own a true part of their childhood! The original painting that children of the 80's saw on the back of Transformers packaging everywhere is now up for auction! The starting price? \$7,500.00. However, if you've got a big enough checking account, and an empty space on the wall, it is a one-of-a-kind piece of art!
