If you've been a fan of Dan Khanna's art over the years, you'll be excited to know that the Transformers artist has put a variety of original comic book art on eBay. These range from OTFCC's Transformers Universe comics, TCC comics, and Botcon comics to Titan UK Comics and IDW comics. So there's quite the smorgasbord to choose from!

Click [here](#) to see the auctions, and [here](#) to read Dan Khanna's deviantArt page about them.
